

Student Transportation Services

The safety of all students riding the bus to and from school is a responsibility we all share. It takes all of us working together to ensure safety: students, parents, bus drivers and school officials. The District has established the student conduct expectations listed below to ensure all of our students are transported in the safest environment possible. Students who fail to observe these expectations will be subject to disciplinary action. Their failure to do so may affect the safety of others. Failure to follow bus expectations and regulations may result in suspension of bus riding privileges as well as school consequences depending on the seriousness of the violation.

If you should have any issues or concerns and need to talk with your child's driver, it is best to call the Transportation Office at (816) 986-4BUS(4287) to schedule a time. If you need to approach the bus, please do not step into the bus. Signal to the driver you would like to talk and proceed to the driver's side window. For the safety of all bus riders, our drivers are instructed to close the entrance door when approached and direct you to their side window. Keep in mind the bus has other stops and a schedule to keep meaning the driver has limited time at individual stops. Under Missouri Law unauthorized entrance on a school bus is trespassing. For the safety of the students we transport, the Lee's Summit School District supports this law and has posted warnings on all buses.

Any action that would create an environment contrary to the District's, School's and Transportation Department's missions will not be acceptable. If the action creates an environment in which learning, safety and caring for others are not the primary focus, disciplinary action will result, including possible loss of bus service. Students are expected to follow safe riding expectations listed above.

Mobile Electronic Devices

Cell phones, iPads and other similar electronic devices are permitted to be used on the School Bus at the discretion of the school bus driver and administration. Students are expected to follow these expectations with electronic devices:

- No material in violation of District policy and procedures
